So frisch. So fröhlich.

### 3. Gargle & scan

Follow the 6 steps below:

1 30 minutes before giving the sample, rinse your mouth with water.

2 Do not eat or drink anything afterwards. Fill the vial halfway with water and gargle with this water 30 seconds.

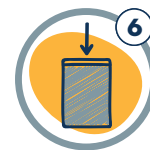

3 Screw the enclosed funnel onto the vial.

4 Spit the gargled water back into the vial. Dispose the funnel and close the vial tightly.

5 Stick the enclosed QR code on the side of the vial and scan it with "Redeem test" in your Novatium-Account.

6 Now put the tube into the return bag and close it carefully.

### 4. Submit gargle test

Hand in your test at a return station at one of the partner branches for analysis.

The tests are delivered to the laboratory in the course of the day and analysed.

### 5. Receive your PCR test results

You will receive the laboratory results by E-Mail. You can also view the test results in your account at any time.

In order to protect your data, the E-Mail will contain a link to the test certificate (green passport) and the first and last name of the person tested only.
