WILDER KAISER

## Where, when, and especially from whom can I buy high-quality products from the region?

This information is now available on the new platform „**Marketplace Wilder Kaiser**“. So that even guests in holiday apartments or before departure can still shop for regional culinary delights, there are farm shops in each of the four Kaiser towns that are accessible **24 hours** a day.

Since they say love goes through the stomach, the love for the culinary delights of the Wilder Kaiser region should not be neglected.

Therefore, we recommend starting the most important meal of the day, breakfast, with regional and seasonal products. With pastries from **local bakers and fresh eggs, jam, cheese, or whatever your heart desires...** the culinary diversity knows no bounds at the many farm shops in the Wilder Kaiser region.

As a tip, we have the **Wilder Kaiser Breakfast Basket!**

Simply pre-order from the local provider and enjoy the regional delights at the breakfast table in a relaxed manner.

**Have fun tasting!**  
**And as we say so nicely in Tyrol: „Moizeit“!**
