IMPORTANT INFORMATION/DISCLAIMER/DOPING

Route marking in accordance with ITRA Security Guide:

The Trail route is marked by an experienced and skilled marking team using chalk spray, signs, tapes, flags, reflector spray at night etc. There is, however, no entitlement to a continuous marking of the route that would make a person's own orientation in the alpine terrain redundant. The markings may disappear, become covered or not immediately detectable, especially after dark, during heavy rainfall, snowfall or other adverse weather conditions, which is why each participant must carry the route map with them. page 7 of 9 The event organiser makes the Marathon Trail GPS file available for download and recommends a GPS device to aid

orientation for this reason. Unfortunately, third parties may sometimes remove the markings. The markings are removed by the officials trailing the field in segments immediately AFTER the time limit has expired. The route is then NO longer marked.

Rescue costs:

Rescue costs are not borne by the event organiser, landowners etc. and must be paid by the accident victim. For this reason, mountain rescue insurance is strongly recommended. Each participant signs a disclaimer to this effect when collecting their start number.

Rules of conduct:

Trail running events are held in nature, lead through nature reserves and over existing paths, trails, gravel paths, forest roads, and private and public roads. Traffic laws must be observed and you must run on the left with oncoming traffic. Order must be maintained when crossing public roads and private property. Immediate disqualification by the organiser should be expected in the case of unfair behaviour towards other participants, denial of assistance if other participants experience an emergency and if polluting nature. Should you be missing any items from the mandatory equipment at the inspection before the start, these may be acquired before the start if still possible, otherwise starting the Kaiserkrone will not be permitted. Should the items be missing during an en-route inspection, the organiser will take this participant out of the competition.

Disclaimer:

The event organiser accepts no liability for damage to persons and property. This also applies to lost or stolen clothing or other items. By collecting their start number, each participant makes a binding declaration that they have no knowledge of any reasons or risks which may make participation dangerous to their health.

Each participant acknowledges the event organizer's exemption from liability for damage or injury of any kind and will not make any claims for damage or injury of any kind arising from participation against the event organizer, the municipalities and private landowners through whose land the race leads nor their representatives. Each participant declares that they have sufficiently trained for participation in this competition, they are physically fit and that their health has been medically confirmed. The race doctor, rescue workers and stewards have the power to remove obviously physically and mentally weakened participants from the race. Each participant agrees that the data they provided during registration, and the photos, films and interviews on the radio, TV, advertising, books, photomechanical copies – films, video tapes etc. – they make in connection with their participation in the Kaiserkrone may be used without any reimbursement. Each participant states that their given birth year is correct and that they will not pass on their start number to any other person. (note re. data protection regulations: your data will be stored by machine)

There is no right to a refund of the entry fee in the case of non-arrival. The participant who has already paid the entry fee is not entitled to a refund of the entry fee if the event has to be canceled or postponed to another date due to force majeure or official prohibition.

Each participant accepts all ASTA anti-doping regulations (doping checks) even if they are not a member of an association or club. The Kaiserkrone is held in accordance with Austrian Skyrunning & Trailrunning Association (ASTA) guidelines. Participants can find the ASTA
